PART OF MONTANA TRAIN ROBBERY LOOT RECOVERED IN ST. LOUIS.

Man and Woman Arrested and Notes Belonging to the Helena National Bank Found in a Trunk.

ST. LOUIS, Nov. 6 .- The police have in custody a man and a woman suspected of complicity in the robbery of an express car on the Great Northern near Wagner, Mont., July 3, last, when the safe was blown open with dynamite and a consignment of unsigned notes for the National Bank of Helena, Mont., amounting to between \$50,000 and \$100,000 was stolen. Of this amount \$8,500 in crisp new notes on the Helena bank were recovered, having been found in possession of the man and woman, who were registered at the Laclede Hotel as Mr. and Mrs. J. W. Rose. They arrived at the hotel last Friday and announced that their stay in the city would probably last several weeks.

Last night the man was taken into custody and to-day the woman was arrested fust as she was about to leave the city. Their arrests followed the passing of several notes on the Helena National Bank that were supposed to have been stolen Turkish waters. and the signatures forged. Late this afternoon Lough-Desmond, under the "sweating" process, that all of the money, \$8,500 taken from him and Lillian Rose, belonged to him, but he would not say where he secured it. PANAMA CANAL RIGHTS.

Proposition Submitted to Admiral Walker, but the Sum Not Disclosed-Seventh National Bank.

WASHINGTON, Nov. 6. - President Hutin, of the Panama Canal Company, finally has submitted to Admiral Walker, the head of the isthmian canal commission, a proposition on behalf of his company for the acquisition of all its rights by the United States government. The Panama has been restrained, up to this moment, from submitting a direct proposition, owing to a clause in the concession B. Koehler Right half Widman (Capt.) which it holds from the government of Co- | O'Dea (Capt.) Full back Guthard lombia, which prescribes forfeiture of the concession as a penalty for the making of an effort by the company to transfer its rights to another government. The company's agents, therefore, have been obliged to act with extreme caution in making overtures, but in some way the Colombian government has been induced to wink at this technical violation of the concession. Its terms are not yet disclosed, and it is probable they will not be until the isthmian canal commission publishes its report. It is understood, however, that they are considerably more favorable to this government than were the figures made to the President three years ago.

Special to the Indianapolis Journal. SOUTH BEND, Ind., Nov. 6 .- By defeating the Detroit Athletic Club by the score of 11 to 0 the football team of the South established its right to claim the athletic club football championship of the West. To-day's contest was the best exhibition of football made here since 1898, when the Commercial Athletics of this city defeated the Chicago Athletic Club 15 to 11. Both teams presented a star line-up. Heading the teams were Pat O'Dea, formerly of Wisconsin, and Widman, of Michigan. Throughout the game the struggle between these old rivals was sharp and keen. Despite the fierce battle between the big men, not one player was forced to leave the field. The playing was fast as well as fierce.
